

## Nordic Ceiling

We have designed a lush ceiling absorber for indoor ceilings. Lush boxwood, moss or ferns hang down, creating atmosphere when floor space is limited. Our ceiling cassettes replace the existing white plasterboard in the indoor ceiling with a simple handle.

---

### Product description

---

Measurement 595x595 mm, fits in the system roof framework edge A and E

Models Nordic ceiling  
Nordic ceiling with pattern

---

### Facts

---

Weight Nordic ceiling 3 kg  
Nordic ceiling w. pattern 3,5 kg

Optional Sound absorbers  
Complementary plants

Warranty 3 years

Material Cassette: 0.9 mm sheet steel  
Sound absorber: Recycled PET bottles and polyester.  
Plant panel: Polyethylene

---

### Maintenance

---

The metal cassettes have a hard and smooth surface that repels dirt. Cleaning is carried out with a moistened cloth or sponge and, if necessary, a mild soap solution is used.
